### CLUB BY-LAW CHANGE

The final reading of a proposed change to our club's by-laws was presented at the July 3rd general membership meeting. This proposed change would create a category for student membership:

*“By application to the Secretary, the son or daughter of any member in good standing between the ages of 18 to 25 and enrolled as a full time student may apply for a student membership.*

*The student may become a student member of this corporation upon completing an orientation, providing proof of enrollment, by presenting a letter, transcript or other documentation on school letter head or equivalent form, and all application requirements, being present at a membership meeting within three months after submitting an application to the secretary and having his application presented to the membership in his presence or in proxy by either of his proposers. Election by a majority of the members present at the next regular meeting of the member, and agreeing to be bound by the regulations of this corporation, and paying annual dues within 30 days.*

*Annual Dues for a student member will be set by the Board of Trustees not to exceed one third of the working member dues. There is no application fee for a student membership. Student Members shall have no vote on questions arising before the club, may not propose new members, and shall not be obligated for work time. When the student member is no longer enrolled in school, is older than 25 years of age, or otherwise wishes to become a full member of the corporation, they may petition the Board of Trustees to up grade their membership. If accepted as a full member any outstanding fees, such as assessments will be due at that time along with membership dues.”*

This proposed By-Law change was voted on and unanimously approved at the July 3rd membership meeting.
